45-54	180
55-64	120
65+	90

2. The following table shows the number of people who attended the concert in each age group. The total number of people who attended the concert was 1,200.

Age Group	Number of People
13-17	150
18-24	200
25-34	250
35-44	300
45-54	180
55-64	120
65+	90

3. The following table shows the number of people who attended the concert in each age group. The total number of people who attended the concert was 1,200.

Age Group	Number of People
13-17	150
18-24	200
25-34	250
35-44	300
45-54	180
55-64	120
65+	90

4. The following table shows the number of people who attended the concert in each age group. The total number of people who attended the concert was 1,200.

Age Group	Number of People
13-17	150
18-24	200
25-34	250
35-44	300
45-54	180
55-64	120
65+	90

5. The following table shows the number of people who attended the concert in each age group. The total number of people who attended the concert was 1,200.

Age Group	Number of People
13-17	150
18-24	200
25-34	250
35-44	300
45-54	180
55-64	120
65+	90
